## ACTINIC LAMPS : FLUORESCENT FOR MEDICAL TREATMENT

### SUPER ACTINIC / COLOUR 03 420 nm.

'TL' colour / 03 lamps are highly efficient sources of long-wave ultraviolet radiation. The spectral energy distribution matches the sensitivity of many modern fast diazo papers used in printing machines.

| type                     | watts | voltage | Nom. length | Nom. diameter | caps | useful life | std. pack | brand | type          |
